PART #: 751274PKG

Safely and securely transport most rifles and shotguns. Mounts vertically for safety and protection. Provides quick and easy access. Located close to the driver, on the seat kit.

RIGHT GUN MOUNT

PART #: 751275PKG

Safely and securely transport most rifles and shotguns. Mounts vertically for safety and protection. Provides quick and easy access. Located close to the driver, on the seat kit.

DUAL GUN MOUNT

PART #: 751276PKG

Safely and securely transport most rifles and shotguns. Mounts vertically for safety and protection. Provides quick and easy access. Located close to the driver, on the seat kit.

HOOD RACK

PART #: 668487

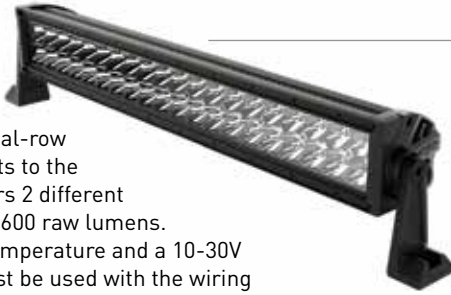

Features tie-down mounts and a durable insert that keeps your gear from falling through. Requires minimal drilling.

EV LIGHTING

22" DUAL-ROW LED LIGHT BAR

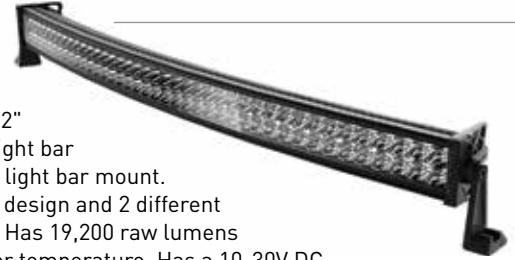

PART #: 654072

The 120-watt, 22". dual-row LED light bar connects to the light bar mount. Offers 2 different beam patterns and 9,600 raw lumens. Has a 6,000K color temperature and a 10-30V DC input voltage. Must be used with the wiring harness.

42" DUAL-ROW CURVED LED LIGHT BAR

PART #: 654073

The 240-watt, 42" dual-row LED light bar connects to the light bar mount. Offers a curved design and 2 different beam patterns. Has 19,200 raw lumens and 6,000K color temperature. Has a 10-30V DC input voltage. Must be used with the wiring harness.

9.25" SINGLE-ROW LED LIGHT BAR

PART #: 654077

The 9.25" single-row led light bar connects to the light bar mount. Offers 1,620 raw lumens. Has a 6,000K color temperature and a 10-30V DC input voltage. Must be used with the wiring harness.

3" DUAL-ROW LED LIGHT BAR SET

PART #: 654076

the 18-watt, 3" dual-row led light bar set connects to the light bar mount or Brushguards. Offers 1,440 raw lumens and a 90° flood beam pattern. Has a 6,000K color temperature and a 10-30V DC input voltage. Must be used with the wiring harness.

32" SINGLE-ROW LED LIGHT BAR

PART #: 654075

The 72-watt, 32" single-row led light bar connects to the light bar mount. Offers 2 different beam patterns and 6,480 raw lumens. Has a 6,000K color temperature and a 10-30V DC input voltage. Must be used with the wiring harness.

LED LIGHT BAR WIRING HARNESS

PART #: 689940

Wiring harness is required for use with most LED light bar accessories. Includes jumpers to wire up to 3 lights.

EV LIGHTING AND INTERIOR

LIGHT BAR MOUNT (CANOPY)

PART #: 689568

Quick and easy installation. Allows for multiple light bar configurations. Kit includes light bar mount, brackets, necessary hardware, and instructions.

LIGHT BAR MOUNT (NO CANOPY)

PART #: 669291

Quick and easy installation. Allows for multiple light bar configurations. Kit includes light bar mount, brackets, necessary hardware, and instructions.

SIDE-VIEW MIRROR

PART #: 668490

Features damage-resistant housing, durable steel clamps, and a breakaway design to deflect hits from stray objects.

REARVIEW MIRROR

PART #: 651489

Slightly convex to provide a wider angle for better vision. Rubber seal ball mount reduces vibration and allows for adjustability.

SUN VISOR

PART #: 652491

Block the sun in any direction with a 4-way adjustable visor. Minimal tools required to mount to ROPS and make small adjustments. Sold individually.
