OFF ROAD

THE LOVE OF THE OUTDOORS:

FROM OUR FATHERS' FATHERS TO OUR CHILDRENS' CHILDREN.

Those of us who fish, hunt, and love the outdoors think it's as natural as breathing in the morning air outside a tent or skimming across a lake in a bass boat at dawn. It clears your mind, it sets your compass, it makes you right with the world. Bass Pro Shops® and Cabela's were founded on this passion for the outdoors and the knowledge that every outdoor experience brings you closer to your place in the natural order of things and closer to your Creator. As time goes by, it becomes harder and harder for busy people to pass these outdoor passions and skills to their children. Each new generation is in danger of breaking the chain. We believe the more people who love the outdoors, the more people will care for the environment. That's why TRACKER has introduced a complete line of ATVs, Side-by-Side Vehicles, and Sport Carts at a breakthrough value: to give more people access to the outdoors we love. Those extra seats aren't just there for your dog and duck decoys, friend. They are for your buddies, your wife, your kids, your neighbors, your grandkids, and your co-worker who never fished or hunted in his life. If we share our knowledge and passion for the outdoors with them, we pass along something more valuable than our knowledge. We pass along a deeper connection to the soul of the outdoors, a passion that changes every soul it touches.

TRACKER
OFF ROAD

A woman with long blonde hair, wearing a grey long-sleeved shirt and blue jeans, is standing next to a dark-colored Tracker off-road vehicle. She is loading a large pile of hay onto the back of the vehicle. The vehicle is parked in a field of tall grass. In the background, there are trees and a sunset sky with orange and yellow clouds. The Tracker logo is visible on the side of the vehicle.
