TRACKER
OFF ROAD

THE LOVE OF THE OUTDOORS:

FROM OUR FATHERS' FATHERS TO OUR CHILDRENS' CHILDREN.

Those of us who fish, hunt, and love the outdoors think it's as natural as breathing in the morning air outside a tent or skimming across a lake in a bass boat at dawn. It clears your mind, it sets your compass, it makes you right with the world. Bass Pro Shops® and Cabela's were founded on this passion for the outdoors and the knowledge that every outdoor experience brings you closer to your place in the natural order of things and closer to your Creator. As time goes by, it becomes harder and harder for busy people to pass these outdoor passions and skills to their children. Each new generation is in danger of breaking the chain. We believe the more people who love the outdoors, the more people will care for the environment. That's why TRACKER has introduced a complete line of ATVs, Side-by-Side Vehicles, and Sport Carts at a breakthrough value: to give more people access to the outdoors we love. Those extra seats aren't just there for your dog and duck decoys, friend. They are for your buddies, your wife, your kids, your neighbors, your grandkids, and your co-worker who never fished or hunted in his life. If we share our knowledge and passion for the outdoors with them, we pass along something more valuable than our knowledge. We pass along a deeper connection to the soul of the outdoors, a passion that changes every soul it touches.

TRACKER
OFF ROAD

A woman with long blonde hair, wearing a grey long-sleeved shirt and blue jeans, is standing next to a dark-colored Tracker off-road vehicle. She is loading a large pile of hay onto the back of the vehicle. The vehicle is parked in a field of tall grass. In the background, there are some trees and a cloudy sky with a warm, golden light, suggesting sunset or sunrise. The Tracker logo is visible on the side of the vehicle.

15W-50 SYNTHETIC OIL

Full Synthetic 15W-50 is a heavier-viscosity formula of the original, proven Synthetic 4-Cycle Oil. Formulated specifically for hot-weather use, it provides ultimate hot-temperature engine protection and prevents thermal breakdown in severe conditions. NOTE: Not recommended for use in ambient temperatures below 32° F heavier viscosity will make starting more difficult in extreme cold.

THE LOVE OF THE OUTDOORS: FROM OUR FATHERS' FATHERS TO OUR CHILDRENS' CHILDREN.

The best way to **connect people with the outdoors**, not surprisingly, is by getting them outdoors.

For 41 years, the Bass Pro Shops® and TRACKER® family has given more Americans access to our waters with high quality TRACKER products and high quality warranties, backed by **the best customer experience in the outdoor world**. Now, with the introduction of TRACKER OFF ROAD™, founder and conservationist Johnny Morris brings that passion for the outdoors from the water to the land. **Partnering with Textron**, builders of **military technology** for land, sea, and air, **TRACKER is introducing a full line of off road vehicles** designed to get more Americans into the outdoors we love. **Made in America** with the know-how of **American workers**. **Built for the core customers** of Bass Pro Shops®, Cabela's, and TRACKER, who love the American outdoors and are passionate about what they do. Built with reverence for the land, the water, the streams, the forests. Built with gratitude for the freedoms our country protects. Built with awe-inspired appreciation for this great land we've been given. Built to connect you to those you really love – family and friends – by making **the great outdoors more accessible for all**. The more you love this land, the better you will care for it. The better you care for it, the more **our grandchildren will appreciate the country we love**.

TRACKER OFF ROAD™. BUILT FOR LOVE OF COUNTRY.™
